

## 4th International Meeting on Pharmaceutical Sciences

Dear Colleague

The 4<sup>th</sup> International Meeting on Pharmaceutical Sciences (*RICiFa 2016*) will be held in Rosario, Argentina 27<sup>th</sup> and 28<sup>th</sup> October 2016, bringing together a high number of scientists from the academy as well as members of the pharmaceutical industry to exchange new knowledge and best practices and to discuss several issues related with the Pharmaceutical Sciences.

This conference is devoted to established topics such as advanced drug delivery systems, pharmaceutical biotechnology, micro & nanotechnology, natural products, pharmacology, medicinal chemistry and many more which will be dealt with in short oral and poster presentations.

The field of Pharmaceutical Sciences is growing rapidly and its development is making tremendous impacts in Global world of pharmaceuticals.

RICIFA 2016 meeting will include plenary lectures, and presentation of scientific works both as posters and oral presentations, intended to introduce innovations of interest for people involved with all aspects of medicines from both Industrial and Academic sectors.

In addition, a Workshop on Pharmacy Practice and Education is going to be organized during this Meeting. As you know, education plays an extremely important role in preparing pharmacy students for several professional activities. It serves to ensure knowledge, skills, attitudes and behaviour required of pharmacists in order to contribute to communities and health systems in the best possible ways. Whether you're a student pharmacist this

## 4th International Meeting on Pharmaceutical Sciences

Meeting will provide educational programming and networking to keep you on track in your day-to-day practice.

The details on the scientific programme, registration, and other useful information about the conference will be presented very soon.

The versatile programme of the congress as well as an attractive social programme in this beautiful and historical city will enable you to share your experience with colleagues, discuss interesting topics with the experts on a highly professional level, establish new business connections, and meet new and old friends.

The chairs of the conference cordially invite you to join RICIFA 2016 and would be glad to welcome you in Rosario!

On behalf of the organizing committee

Prof. Dr. Claudio Salomon, University of Rosario (Argentina)

Prof. Dr. Santiago Palma, University of Cordoba (Argentina)
